Sorento Wetroom Panels - *See page 296*

Unique Features

CASANUOVA WETROOMS

TOUGHENED SAFETY GLASS
Is stronger than regular glass. This added security is achieved by heating the glass at a high temperature and rapidly cooling. The result is a wetroom panel that is more resistant to impact, giving you peace of mind in your bathroom shower.

RANGE OF STABILISING OPTIONS
We offer a range of stabilising options for our wetroom panels so you get the best piece of mind no matter what type of installation you incur.

CLEAN – CLEAR GLASS COATING
Ensuring your enclosure stays easy to maintain, we offer Clean – Clear Glass Coating. The coating on our glass means that water will be less likely to gather and pool on the surface of the glass, instead it will run down the glass leaving fewer streaks and stains.

CASANUOVA ENCLOSURES

25 - 50mm ADJUSTMENT
Offering adjustment on all enclosures for out of plumb walls.

QUICK RELEASE ROLLERS
Our enclosures are fitted with quick release rollers where possible. Quick release rollers allow access for cleaning in difficult to reach areas, simply unclick the rollers, clean and click back into place when done.

CLEAN – CLEAR GLASS COATING
Ensuring your enclosure stays easy to maintain, we offer Clean – Clear Glass Coating. The coating on our glass means that water will be less likely to gather and pool on the surface of the glass, instead it will run down the glass leaving fewer streaks and stains.

REVERSIBLE
Our Enclosures are reversible where possible, meaning they can allow for either a right or left side opening.

MAGNETIC CLOSURE
All our enclosures offer magnetic closing systems to try eliminate the enclosure being accidentally opened while in use.

SLIP RESISTANT SLIM SHOWER TRAYS

SHOWER TRAYS YOU CAN TRUST

Slip Resistant trays feature the latest development in surface materials which exceeds all EU standards for barefoot bathing, giving the bather increased confidence and providing a safe showering experience of all ages.

The slip resistant properties are embedded in the material, rather than a coating on the surface, meaning that it cannot be removed and is comfortable to stand on. The textured surface provides a high level of stain resistance ensuring that your tray maintains a pristine appearance throughout its lifetime.

- Available in both High Gloss and SR Finish (slip and stain resistant)
- Slim design at only 45mm high
- Structured resin bonded stone filler for increased stability
- Suitable for 90mm waste (supplied separately)
- Extensive range of shapes and sizes
- Covered by a Lifetime Guarantee
- ***PTV values*** - **Dry**: 65 PTV / **Wet**: 39 PTV

WETROOM TRAY FORMERS

Independently tested to demonstrate that our unique patent applied structure can withstand in excess of 1 ton of applied weight without notable deflection. Whilst being incredibly strong, our formers have also remained light-weight. As an example, our 900mm x 900mm former weighs only 11.5kg. This level of performance is unmatched by any other floor former on the market.

DESCRIPTION	CODE	PRICE
900 x 900 x 22mm	WFF900	€562.00
1000 x 1000 x 22mm	WFF1000	€562.00

Code WFWASTEVINYL €278.50

FLEXI-SEAL

PROTECTS AGAINST WATER DAMAGE CAUSED BY LEAKS

Use Flexi-Seal to protect floors and ceilings from expensive water damage caused by leaks from shower trays, baths and work surfaces.

Flexi-Seal uses a combination of a durable flexible rubber with a waterproof butyl based adhesive to give maximum protection between the application surface and tiles or panels.

Since the rubber is flexible, it will maintain a watertight seal whilst allowing for a certain amount of movement that is inevitable, particularly with new builds.

Available in 2m, 3m, 4m, 10m & 20m rolls.

2m	Code TFLEXI2	€42.00
3m	Code TFLEXI3	€62.50
4m	Code TFLEXI4	€81.50
10m	Code TFLEXI10	€200.00
20m	Code TFLEXI20	€384.00

BONDMASTER TANKING SYSTEM

- Kit for tanking shower rooms
- Contains Tilers Primer, Polyester Joint Tape, Waterproof Liquid Membrane & Polyester Matting
- Used prior to fixing ceramic wall tiles
- Ensures a water tight barrier preventing water penetration
- Suitable for use on a wide variety of surfaces including concrete, cement-sand rendering, plaster, plasterboard and moisture stable timber boards
- Not recommended for outdoor use
- Covers 6sq metres

Code WFTANK6 €111.50

iCON FAN RANGE

The iCON range offers a stylish and innovative approach to ventilation. The unique 'iris' system operates by opening and closing as required. This greatly reduces back draft and external noise ingress.

The units come in three variations; iCON15, iCON30 and iCON60 which are customised for various applications as can be seen in the table below. All units come as standard in a white finish with the option to upgrade from a choice of finishes and control module options. Note that the iCON range has been designed to provide ventilation levels that meet the latest Building Regulations ADF.

FEATURES
- Conforms to IPX4 rating
- Range of finishes available
- Stylish, slim and unobtrusive in walls or ceilings
- Unique iris shutter, prevents back draughts, operates silently
- Interchangeable control modules match fan to installation requirements
- Circular design, no squaring up
- Very simple installation
- 3 year warranty
