FITTED FURNITURE

This year, we've enhanced our fitted furniture collections with the introduction of Scribe - a fresh, design-led range featuring a sleek slab-front fascia with an integrated J-Pull handle. Also new to the collection is a fresh Viridian Green finish, alongside versatile additions like countertop storage cupboards and single-drawer cabinets that effortlessly blend into any bathroom layout. With an extensive choice of finishes, hardware options, and limitless configurations, our fitted bathroom collections give you the freedom to design a space that is truly your own.

CADENCE FURNITURE

Cadence has been refreshed for 2025 with three subtle new finishes: Matt Flax, Matt Laurel Green, and warm Danish Oak. Complement your vanity colourway with a handle of your choice from our extensive collection.

ACUMEN

The Acumen Collection

Discover the latest in contemporary furniture design. Acumen offers style and substance, with clean lines, ample storage and a minimal cut-out handle, which allows for a smooth finish. Choose one of three on-trend finishes and complete with the handle trim of your choice.

ACUMEN FEATURES

Basin Units
Acumen offers a wide breadth of unit sizes and styles. Choose from compact 500mm to generous 800mm sizes, all available in freestanding or wall mounted designs to get your desired look.

Basins
Acumen's ceramic basin features a generous wash space, with soft curved edges with plenty of room for your bathroom essentials like soap and toothbrushes. Or, make a statement of your space by choosing one of our seven stylish countertop basin & worktop pairings, to create your own unique unit.

Handle Profiles
Add the finishing touch to your Acumen unit by choosing one of three handle trim finishes. Available in classic chrome, dramatic black or luxurious brushed brass, you can customise your unit to your style and taste. These trims are also perfect for creating a completely coordinated look across your bathroom by choosing a matching tap, mirror & accessories. CADENCE

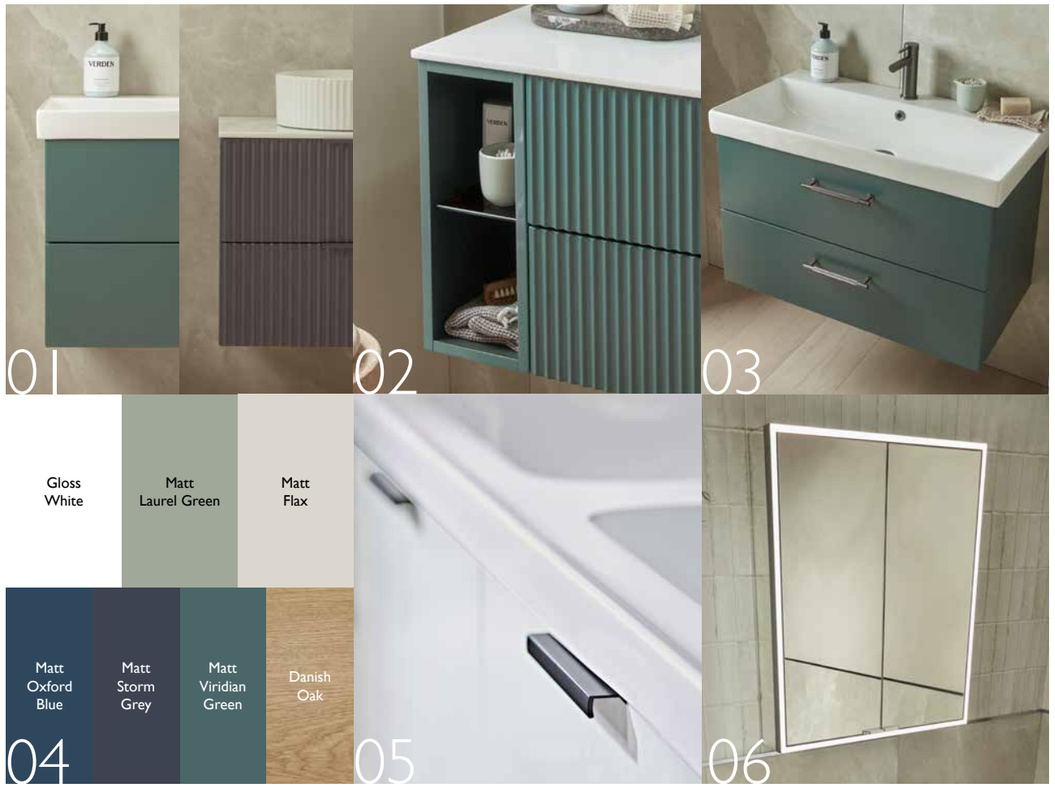
The Cadence Collection

Sophistication made simple. A clean and refreshingly uncomplicated design, Cadence's angular form perfectly captures understated style. Choose from an extensive collection that includes seven sizes in seven finishes, across two distinct design styles; fluted and slab fronts. A host of handle choices and open storage options are available, allowing you to completely customise your configuration for a personalised touch.

CREATE YOUR BESPOKE CADENCE BATHROOM

Designed to offer you complete design flexibility, our Cadence collection is customisable, allowing you to create a configuration as unique as your home. Choose your unit size and fascia style, select your choice of basin & pick from an array of contemporary finishes & coordinating handles. With additional options for open storage for a thoroughly modern look. Follow the steps below to bring a singular touch to your bathroom scheme.



01 **Select the size and style of your unit**
Take stock of the size of your bathroom, considering floor space and unit placement. If space is tight, you might benefit from a smaller wall-hung option or even a compact cloakroom option. Choose from an extensive collection which includes fluted and slab fronts. There are four wall mounted options in 500, 600, 800 and 1200mm widths. For a smaller cloakroom or ensuite solution we have a 400mm wide unit, which will fit perfectly.

02 **Opt for an open storage configuration**
Our open storage options offer a thoroughly modern look, while ensuring everyday essentials are always within reach. Use it to simply enhance your bathroom storage, or alternatively to frame your primary unit for a statement look. Open storage units feature colour matched carcasses and stylish smoked glass shelves.

03 **Choosing your basin style**
Define the look of your unit with either a Ceramic or Isocast basin. Available in 400, 500, 600, or 800 widths, a ceramic basin offers a streamlined shape cast from a timeless, traditional material. An Isocast basin has a clean, precise, low profile design. Available in 500, 600, 800 sizes, as well as a statement-making 1200mm double basin. Or why not create a hotel look by upgrading to one of our countertop basin options?

04 **Your finish options**
Create a bathroom with a finish which sets the tone for rest, ritual and relaxation. Carefully considered, each of our seven finish options adds a depth and interest that complements the simple styling of Cadence. Available in lustrous gloss or minimal matt finishes, our colour selection ranges from neutral gloss white to deep and sophisticated matt viridian green or matt storm grey. And for those seeking something more unique, look no further than our cool matt laurel green, natural danish oak or matt flax.

05 **Handle choices**
Add interest with our extensive choice of handle styles - from chrome or matt black, to industrial gunmetal or more traditional brass options. Keep the look minimalist by using chrome or black drawer top handles or opt for a front-fixed pull option for a fresh and unique look. Undrilled drawer fronts allow you to position the handles where you wish.

06 **Mirrors & Extra storage**
Complement your vanity choice with our suite of mirror and cabinet options. Colour-matched to suit your furniture choice, our Cadence cabinets come equipped with a range of convenient features such as a mirrored front, LED illumination and internal shelving, while our mirrors are also fitted with a neatly hidden shaver and USB sockets, allowing for effortless charging of your toothbrushes or shavers. Available in a range of sizes to suit the proportions of your vanity.

CADENCE FLUTED

We have updated our Cadence furniture with an of-the-moment fluted fascia. Featuring three of our popular finishes - Matt Viridian Green, Matt Storm Grey and Matt White, this fresh option adds texture and interest to this streamlined frame and can be further enhanced with our open storage cabinets for a singular look. Available across our wall-mounted unit variants.

CADENCE BASINS

Your choice of basin design will further enhance the styling of your Cadence unit. Whether you opt for a ceramic, Isocast or countertop basin, all are crafted from durable materials.

Perfectly proportioned and designed to sit beautifully in your basin unit, our ceramic basin options are available in 400, 500, 600 and 800 sizes. Expertly cast from ceramic, this polished material lends enduring style to your bathroom.

A clean and contemporary alternative to ceramic, our Isocast basins offer a sleek, streamlined surface and a generous wash space. Available in an array of widths. See page 41 for more detail.

For a truly luxurious look, our countertop basin options offer something a little different. Made from durable ceramic, these basins allow you to create a stylish hotel look in your home. Choose from seven basin styles and two worktop finishes. See more on page 41.

A Personal Touch

CADENCE HANDLES

Individual touches allow you to create a layered bathroom scheme unique to your home.

Our extensive collection of handles and knobs gives you plenty of choice to complement your furniture unit. For a discreet integrated option, opt for a sleek drawer-top handle. A refined matt black handle, modest round chrome, industrial gunmetal or brushed brass pull handles can add texture and interest to even the simplest of fascia. Clean and contemporary, each of our hardware options combine style with a satisfying grip.

CADENCE MIRRORS & CABINETS

Complement your vanity choice with our suite of mirror and cabinet options.

Colour-matched to suit your furniture choice, our Cadence cabinets come equipped with a range of convenient features such as a mirrored front, LED illumination and internal shelving, while our mirrors are also fitted with a neatly hidden shaver and USB sockets, allowing for effortless charging of your toothbrushes or shavers. Available in a range of sizes to suit the proportions of your vanity.

There are a host of ways to configure your Cadence Slab and Cadence Fluted units.

COMPASS

The Compass Collection

If you're searching for a new direction, then look no further than this super stylish range. Compass has smooth curved edges and a luxuriously deep ceramic basin that's sure to impress, whilst the extra thick door and drawer fronts and robust construction show it is built to last.

Coordinate

Compass Cabinets
Complement your Compass units with a Compass cabinet.
See page 327

COMPASS FEATURES

Basin Units
The Compass range features compact 450mm & 500mm units, which offer the perfect solution of basin and storage ideally suited in cloakrooms and smaller bathrooms. For those who want extra storage space, there's a choice of four 600mm units, available in either freestanding or wall mounted styles. There are also very practical 600mm double drawer or three drawer freestanding units with plentiful storage.

Compass features a deep ceramic basin giving generous wash space. Fully extending drawer runners make it easy to access all your bits & bobs. Why not create a hotel look in your home by upgrading to one of our countertop and worktop basin options. See pages 58-61 for more details.

Soft Close Drawers & Doors
Compass doors are fitted with extra wide opening, soft close hinges offering easy access as well as giving controlled and quiet closure. The drawer units also feature soft close drawer runners.

MATCH FEATURES

Units

With both 1000 and 1200 runs to choose from, the Match range seamlessly integrates both basin and WC units into a single, stylish design. It is available in six finishes: matt storm grey, matt viridian green, matt oxford blue, gloss light grey, gloss clay, and gloss white. Now featuring a choice of chrome, brass, or matt black handles and matching BTW unit trims, these details complement any modern bathroom interior perfectly. The installation process is fast and straightforward, with no cutting required to fit the basin. We recommend the use of the Tavistock Vortex Cistern, see page 212.

Isocast Basin with Integrated Worktop

The Match basins with integrated worktop area are extremely practical. They are manufactured using Isocast, a mineral substrate topped with a tough resilient gelcoat to give a glossy finish which is both durable and easy to clean. The look is seamless and modern. Available with both 1000 and 1200 runs.

FITTED FURNITURE COLLECTION

GUIDE TO CHOOSING FITTED FURNITURE

Tavistock fitted furniture has a wide variety of bespoke features. Follow the guide below for a quick overview and understanding of how to create your very own Tavistock fitted furniture bathroom. A more detailed planning guide can be found on pages 134-135.

01

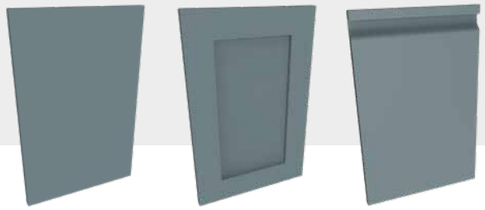
UNDERSTAND YOUR SPACE

Make sure you get a feel for your bathroom layout before you start. Look at any wasted areas which could be maximised with the addition of storage units. It is advisable to install a WC unit in a similar position to the current WC to minimise installation costs. If you do want to change the layout of your bathroom, a good Tavistock bathroom retailer will be able to guide you through the planning process.

02

CHOOSE YOUR BATHROOM STYLE & FINISH

We have three stunning furniture styles to choose from, classic Legacy, contemporary Calm or sleek Scribe. Legacy and Calm are available in 5 finishes options whilst Scribe is available in 3, see pages 96-131 for further details. All our Legacy units come with an oak internal carcass, while Calm & Scribe furniture features a graphite internal finish (with the exception of gloss white finish which features a white carcass). All have been specifically chosen to complement the furniture style.



Contemporary Calm | Classic Legacy | Streamlined Scribe

03

MAKE YOUR UNITS BESPOKE

Choose from our wide range of handles & worktops to give your bathroom units a bespoke look and feel.

See pages 136-141 for all handle & worktop options.

04

COMPLETE YOUR BATHROOM

Complete the design of your new bathroom by choosing from our collection of stylish basins & WCs as well as coordinating brassware, elegant mirrors & useful cabinets.

See pages 150-353 for options.

05

CHOOSING THE RIGHT INSTALLER

As with any new bathroom furniture, it is advisable to use an experienced and qualified installer. Many Tavistock retailers will be able to offer a design and installation service or recommend a suitable fitter or tradesperson.

Head over to our website now to find your nearest supplier.

SCRIBE

The Scribe Collection

Our practical and design-led Scribe collection features a slab front fascia with an integrated J-Pull handle for a clean, uncomplicated finish. The new undercut J-pull style offers the added benefit of greater practicality compared to standard J-pull furniture, as it accumulates significantly less dust. Available in three subtle finishes, Scribe offers multiple cabinet options, including tall storage and drawer storage, allowing you to create your ideal bathroom scheme.

SCRIBE FITTED FURNITURE MADE EASY

Tavistock fitted furniture is designed to be used in many different bathroom configurations. To make things a little easier our design experts have selected common configurations of our Scribe fitted furniture in each finish, we've helpfully bundled it together with one code and price, so you can go ahead and order without the complexity of working out which additional items you might need. All you need to do is select the left or right hand basin option and finish listed below.

Please note: The code and price does not include a WC & seat p206-211, concealed cistern and flush button p212-215 & taps p238-261. This allows you the opportunity to tailor the configurations to suit your style. To order these items please see the relevant pages.

01 FURNITURE STYLE & FINISH

The most important choice when determining the look of your bathroom is door style and finish. Choose from the classic shaker style of Legacy, the ultra-modern simplicity of Calm slab style doors or the sleek handleless Scribe range. All available in a range of finishes, Legacy door styles come complete with oak carcasses, whilst Calm & Scribe door styles feature a graphite carcass (except for gloss white which has a white carcass).

02 COMBINATION & DEPTH OF UNITS

Consider the available space in your bathroom and choose from either standard depth (353mm) or space-saving slim depth (218mm) units. Establish how you use your space and plan your design accordingly; whether yours is a personal retreat or a room for all the family, you can combine sizes to suit your needs and maximise the space in your bathroom.

03 HANDLE OPTIONS

Add the perfect finishing touch to your chosen doors with one of our stylish handles. See page 136 for the full range of options.

04 WORKTOP OPTIONS

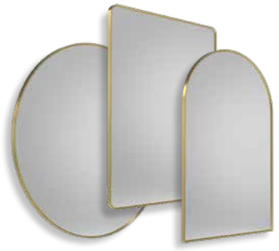
Select a worktop from either our solid surface or laminate options. Alternatively opt for an integrated basin and worktop for a seamless look, which works equally well with both contemporary and classic bathroom designs. Why not define the overall style of your fitted furniture further by upgrading to an aspirational countertop basin option that works with both our laminate and solid surface standard depth worktops to create a luxurious hotel look. See pages 137-141 for further details.

05 BASINS, WCs, CISTERNS, FRAMES & FLUSHING OPTIONS

Choose your preferred basin and WC to match the styling of your bathroom, in addition to a cistern and frame (if required). Complete the look by selecting from our range of flush plate options. See pages 150-215.

06 TAP COLLECTION

Choose from our collection of stylish basin mixers, whether sleek and ergonomic or traditionally styled. Complete the look with a coordinating bath filler. See pages 238-261 for options.



07 MIRRORS & CABINETS

Choose an illuminated bathroom mirror or, for some additional over basin storage, opt for a cabinet. See pages 308-345 for options.

08 PANELS, PLINTHS & BATH PANELS

Clad-on end panels are available for all finishes. They can also be used between units to achieve a framed effect, which works particularly well for the traditional Legacy range. Plinths are available to create a fully integrated floor mounted look.

Alternatively you can wall mount your furniture, should you wish to create a more contemporary styled bathroom.
Finally, choose your bath panel to keep everything coordinated.
See page 148.

HANDLES

Sleek, contemporary & modern classic designs

Choose the handle that best reflects your chosen bathroom style; whether it's curved and rounded or sleek and contemporary, See page 145 for full product details.

Our brass Toro t-bar pulls feature a living finish that can create subtle colour graduations over time, adding to the character of the hardware. Should you wish, a metal polish can be used to restore the original finish. To prevent wood corrosion and discolouration, please ensure that you remove the handles from the vanity before treatment.

INTEGRATED BASINS & WORKTOPS

Strike the perfect balance between form & function

Expertly moulded into a single piece, our Isocast basins with integrated worktop strike the perfect balance between form and function. This clean and seamless look works equally well with both classic and contemporary bathroom designs.

Integrated basin and worktops are available in standard or slim depths and left or right handed options to suit your plan. See page 146 for full product details.

COUNTERTOP BASINS

Sleek, contemporary & modern classic designs

When placed on a worktop our oval, square or rectangular countertop basins provide a clean uncluttered finish. A distinctive and attractive alternative to conventional bathroom basins.

Why not define the overall style of your fitted furniture further by upgrading to an aspirational laminate, or solid surface standard depth worktop to create a luxurious hotel look. See pages 147-148 for more worktop information.

IN-LINE BASINS

Low profile style

Compatible with standard and slim depth furniture, the basin sits into your fitted furniture unit, giving you a low-profile and effortless finish. The inline basin allows you to make the most of your worktop space, whilst still offering a practical and deep wash basin. Simply pair with your desired laminate or solid surface worktop.

- Able to be used within a run of desired length or used individually.
- Quicker installation times - No fascia cutting required, Tap hole predrilled
- Overflow kit included with basin
- Compatible with 600mm standard & slim depth semi counter tops only

Consider Your Configurations

Club inline is designed to be flexible and work with you. Opposite are some typically popular layout examples, to give you an idea of how the inline basin could be used in your space.

SOLID SURFACE WORKTOPS

Realistic stone like finish

Our range of solid surface worktops combines a seamless style with the look and feel of real stone. The stone-like beauty of the solid surface finish makes them a perfect choice for your bathroom.

Solid surface worktops are completely solid and can be easily cut to whatever size or shape your bathroom demands, with no need to bond on finishing strips. Simply cut to the desired profile and sand the edges to a fine finish. Adhesive is also available for joining longer runs or corner installations.

BASIN & WC COLLECTION

CHOOSING YOUR BASINS & WCs

Clean lines, sleek surfaces, forward looking design. That's what you get with our collection of basins and WCs. Whatever your personal style, you'll find something to inspire you - from standard basin, pedestal and WC formats in a range of styles and sizes, to back to wall WCs and semi-countertop basin options, suitable for use with bathroom furniture.

WC OPTIONS

We have a variety of WC options available and are sure to have the perfect solution for your new bathroom. Close coupled WCs are a conventional style toilet where the cistern sits on top of the pan.

COMFORT OPTIONS

We offer a range of comfort height solutions too. Sitting several centimetres taller than standard WCs they are perfect for taller, less able or elderly users. Our Aerial range also features an extra wide seat, offering total comfort for the user.

BACK TO WALL WCs

For a space saving, minimal, contemporary look choose a back to wall WC, where the cistern is concealed either in a furniture unit or behind a wall.

WALL HUNG WCs

For a clean, clutter-free look opt for a wall hung WC which being lifted off the floor gives the illusion of more space in a smaller bathroom. If considering a wall hung WC you will also need to purchase a suitable WC frame to support it.

TRADITIONAL WCs

If you want to achieve a traditional look go for our timeless Lansdown range or our Vitoria range which also includes high and low level WCs, see pages 170 - 175.

BASIN OPTIONS

Our basins come in a range of sizes of both contemporary and classic styles to suit your needs. We have basins suitable for use with or without a pedestal. Our collection also includes semi-countertop basins perfect for fitted furniture and cloakroom options.

TOILET SEAT OPTIONS

Our toilet seats range from the traditional styling of our classic wood WC seats to practical and modern thermoset seat options. Many of our toilet seats include convenient features such as soft-close mechanism, click-release functionality, and Secure-Fix technology, ensuring a comfortable and secure seat fitting which is quick and easy to install.

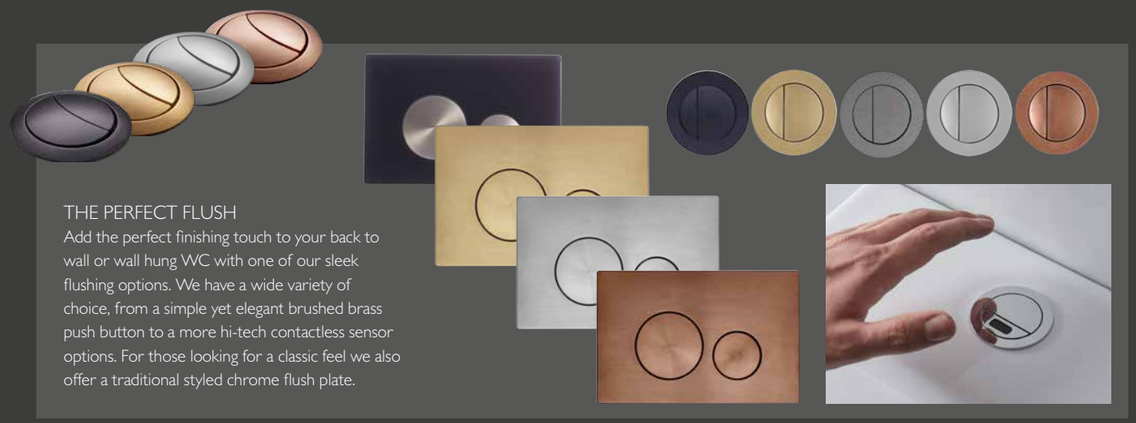
THE TALLER OPTION

Comfort height close coupled WCs sit several centimetres taller than standard WCs, ideal for taller, less able or elderly users. The extra height of the pan helps keep knees at a more comfortable angle in use as well.



THE PERFECT FLUSH

Add the perfect finishing touch to your back to wall or wall hung WC with one of our sleek flushing options. We have a wide variety of choice, from a simple yet elegant brushed brass push button to a more hi-tech contactless sensor options. For those looking for a classic feel we also offer a traditional styled chrome flush plate.

PEACE OF MIND

All our products are guaranteed against defective workmanship or materials.

Such is our confidence in the quality of our basins and WCs we offer a 20 year guarantee, excluding cistern fittings which have a 5 year guarantee.

For wall hung WC frames the metal frame has a 10 year guarantee, all other components are covered by a 5 year guarantee.

Our toilet seats also benefit from a 5 year guarantee, with the exception of the Vitoria solid oak seat which comes with a 2 year guarantee.

COMPASS SQUARE

The Compass Square Collection

The Compass Square collection offers a range of delightfully styled ceramic WCs and basins with a soft square design, complemented by WC seats, cover caps, and hardware in chrome, matt black, brass, and gunmetal finishes. A versatile collection to suit any home.

COMPASS SQUARE FEATURES

Semi-Countertop Basin
The Compass Square collection features semi-countertop basins in standard and also slim depths, making them ideal for narrow bathroom spaces. These basins integrate smoothly with fitted furniture countertops, offering a streamlined appearance and a generous wash space.

WC Styles
The range includes various WC styles: back-to-wall WCs for a clean, concealed look, close-coupled WCs for straightforward installation and maintenance, and fully enclosed WCs for a clean finish which conceals pipework. Available in both standard and comfort heights, these WCs provide easier access and enhanced comfort.

Rimless Design
Designed with Easi-clean technology, all WCs in the range incorporate a rimless design, offering ease of cleaning and improved flushing efficiency.

Soft Close WC Seats
Enjoy the premium feel of our soft close seats, with your choice of slim or wrap over design styles. Both feature quick release buttons for quick and easy removal for cleaning.

Secure-Fix QR
Compass Square seats come with adjustable hinge technology which keeps the seat firmly in place, whilst also making installation quick and easy with the aid of a fitting template.

COMPASS ROUND

The Compass Round Collection

The Compass Round range features elegantly designed ceramic WCs and basins with smooth, rounded contours, enhanced by a selection of hardware options in chrome, matt black, brass, and gunmetal finishes, ideal for contemporary bathroom settings.

COMPASS ROUND FEATURES

Basins
The Compass Round range includes a host of basin options; choose from a semi countertop basin to complement a fitted furniture installation, or go for a more conventional basin which can be wall mounted with a semi pedestal or a floor mounted pedestal. All basins feature a generous wash space. Square variants are also available for those striving for a geometric look.

WC Styles
This collection includes back-to-wall units for a minimalist style, close-coupled WCs for practical installation, and fully enclosed WCs to maintain a neat appearance by concealing all pipework. With standard and comfort height options available for ease of use and enhanced comfort.

Rimless Design
Designed with Easi-clean technology, all WCs in the range incorporate a rimless design, offering ease of cleaning and improving flushing efficiency.

Soft Close WC Seats
Complementary WC seats are available in a slim design to suit the proportions of the pan style, equipped with quick-release buttons for ease of cleaning as well as soft close hinges for quiet seat closure.

LOFT

The Loft Collection

Loft brings back the tried and tested classic toilet seat shape in a new modern style for the 21st century. Featuring modern Air Gap technology in cisterns, rimless bowls, quick release seats and soft yet stylish basins, Loft really is a timeless design.

LOFT FEATURES

Semi-Countertop Basin
The softly geometric semi-countertop basins combine slim ceramic sides with generous wash space. They look great when used with Tavistock fitted furniture and can be used in 500mm wide units.

Comfort Design
Ideal for those who stand a little taller or have mobility issues, all Loft Comfort Height WCs sit several centimetres higher than standard toilets, meaning less strain on the knees and back.

WCs & Rimless Design
The smooth-sided design of Loft's WCs work with any modern bathroom and makes them easy to keep dust-free. Also available in back to wall and wall hung versions, they all feature Easi-clean rimless technology which makes them exceptionally hygienic and easy to clean on the inside as well.

Soft Close WC Seats
The Loft range comes with a choice of soft close toilet seats. Choose from a two button quick release thermoset seat or a Premium lift off wrap over version. Both versions are top fix for easy installation.

MARSTON

The Marston Collection
A classically inspired range of sanitaryware, engineered to modern standards with features such as soft close quick release toilet seats, water saving rimless flushing and concealed connections, but taking design cues from a period era.

MARSTON FEATURES

RIMLESS DESIGN

20 YEAR GUARANTEE BASINS & WCs

5 YEAR GUARANTEE WC SEATS

5 YEAR GUARANTEE CISTERN FITTINGS

Wash Basins
The Marston basins are offered in semi-countertop designs, available in slim and standard depths to suit a variety of spaces. Each basin comes with an option for either a single or double tap hole, allowing for compatibility with different tap styles. Like the WCs, the basins also feature elegant inlay detail along the outer edge, echoing the classic look of the Marston collection.

WCs
Marston WCs are designed with a classic oval shape and inlay detailing and are available in two configurations: back-to-wall and close-coupled styles, in a semi-comfort height to suit all requirements. Each WC features a Rimless design for enhanced hygiene and easy cleaning, with the option for full flush and reduced flush operation (4.5/3L). Choose between a sleek flush button or a more traditional lever flush, each available in chrome and brushed brass finishes.

Soft Close WC Seat
Marston WCs can be paired with one of our many traditional moulded wood WC seats, available across all Marston furniture finishes and with the option for chrome or brushed brass hinges. Alternatively, opt for a durable thermoset traditional Secure-Fix WC seat.

LANSDOWN

The Lansdown Collection

Elegantly timeless design means Lansdown sanitaryware can work equally well with both classic or more contemporary bathroom plans, and perfectly complements Lansdown furniture.

LANSDOWN FEATURES

RIMLESS DESIGN

20 YEAR GUARANTEE BASINS & WCs

5 YEAR GUARANTEE WC SEATS

5 YEAR GUARANTEE CISTERN FITTINGS

Basins
Lansdown semi-countertop basins offer a classic styling choice for your furniture, available with one or two tap holes to suit your preference of contemporary or classic design. Supplied with grate and conventional overflow trims.

Short projection, rimless WCs
Designed for UK bathrooms, Lansdown WC options have a space-saving, short projection design. The timeless styling will work well with both classic or more contemporary bathrooms. Easi-Clean rimless technology makes them exceptionally hygienic and easy to clean, whilst close coupled WC's feature Air Gap technology.

Soft Close WC seat
The Lansdown thermoset WC seat has soft close hinges with a quick release button for ease of cleaning. A moulded wood version is also available for a more traditional feel.

VITORIA

The Vitoria Collection
Introducing the elegant and timeless styling of Vitoria sanitaryware.
The perfect bathroom solution for a period home.

VITORIA FEATURES

Wash Basins
Vitoria basins are available in both round and square configurations, with one tap hole or 2 tap holes to suit the style of your bathroom, both with chrome overflow cover and coordinating pedestal. A 2 tap hole cloakroom basin is also available. All 2 tap hole basins have provision for a chain stay waste.

WCs
You have the option of high level, low level, close coupled or back to wall WCs. High and low level WCs are available in either brushed brass or chrome finishes depending on the pipe kit which you specify. Low level and close coupled WCs have full flush and reduced flush operation (6/4L) with a ceramic cistern handle. The high level WC has ornate brackets and a 6L flush.

Soft Close WC Seat
Wooden soft close seats in white or black incorporate a chrome plated top fix hinge with adjustable fitting, or alternatively upgrade to a brushed brass hinge. The natural oak seat is solid oak. Alternatively choose painted gloss white or a finish to coordinate with your Vitoria furniture.

The Taller Option

Comfort height close coupled WCs sit several centimetres taller than standard WCs, ideal for taller, less able or elderly users. The extra height of the pan helps keep knees at a more comfortable angle in use as well.

CLOSE COUPLED SENSOR FLUSH KITS

With a simple wave of the hand, hygienic, contactless flushing is now here for close coupled WCs. Two sizes are available depending on the size of the flush button hole in the cistern lid.

The button kits have been designed to retro-fit to existing WCs which have paddle operated flush valves. For cisterns which have pneumatic or cable operated flush valves, or where the button screws in directly to the flush valve, then the flush valve will also need to be swapped to our TR9033 valve which has a 2" base.

The following Tavistock cisterns require flush button kit TR9031.

- Structure
- Orbit
- Lansdown
- Levant

The following Tavistock cisterns require flush button kit TR9032.

- Compass Square
- Compass Round
- Loft
- Micra Evo
- Aerial
- Marston

Alternatively, you can purchase your new close coupled WC cistern with the sensor flush kit included.

ACCESSORIES

BATHTUB FEET

Cast from robust aluminium and expertly finished, our bath feet are inspired by the original Regency lion paw design and are designed to be paired with our traditional baths. Available in three finishes to suit any scheme.

- One pack of feet contains four feet and all fixings required.
- The feet are universal and work on all traditional tub options
- Feet are supplied with floor fixings to secure the bath tub in position and have a height adjustable levelling feature

TAP COLLECTION

CHOOSING THE RIGHT TAP FOR YOU...

Taps are no longer just a minor detail, they're the finishing touch. The right tap choice must combine the two key ingredients of design and functionality, and with this in mind we have designed a collection of taps which delivers both. There is something to suit all bathroom styles, from sleekly contemporary to charmingly traditional.

We have a variety of taps and styles depending on your bathroom requirements.

BASIN MIXERS & MINI MIXERS

Both contemporary and classic styles are available, with ceramic cartridge technology to give smooth, easy to use action and accurate flow control. For smaller basins or cloakroom furniture opt for a mini mixer to keep things in proportion. For an ultra-contemporary look, go for one of our stylish matt black, brushed brass or gunmetal basin mixers.

BASIN TAPS

Our classically styled tap ranges also offer basin taps, for separate control of hot and cold water.

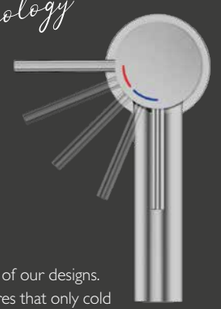
BATH FILLER, BATH SHOWER MIXER

Fill your bath with a deck-mounted bath filler in a contemporary or classic design and mix hot and cold water from a single spout. Alternatively upgrade to a bath shower mixer. The shower handset is really useful for washing hair or cleaning the bath.

CERAMIC DISC TECHNOLOGY

All of our taps are built to the highest technical specification, including the internal components. With a smooth and easy to use action, the ceramic discs in our basin mixers and bath fillers mean that a simple lift of the handle for basin mixers and a quarter turn for bath fillers takes the tap from completely off to fully on. So practical, and incredibly durable even after years of use.

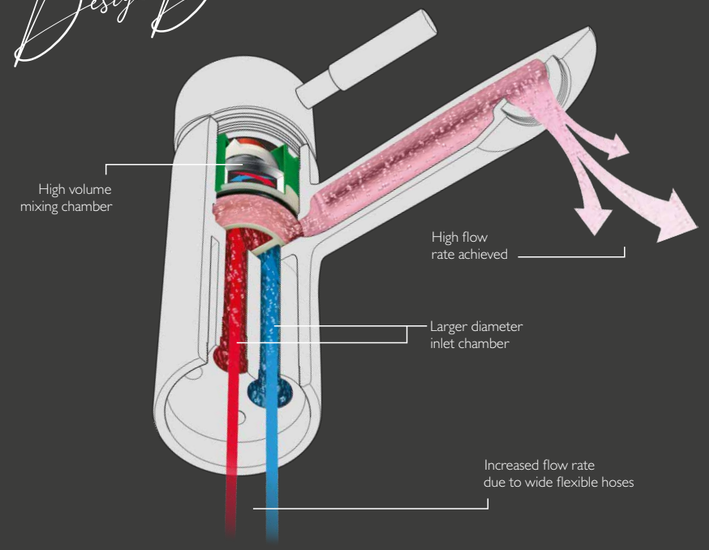
Cold Start Technology



COLD START TECHNOLOGY

Environmental efficiency is at the heart of our designs. Integrated Cold Start Technology ensures that only cold water is dispensed when the handle is in the centered position, preventing unnecessary heating and reducing resource consumption and utility costs.

Design Detail



TAP OPERATING PRESSURE

Plumbing systems can sometimes suffer from poor flow rates. The UK is unique in that many homes are still using the more traditional, low pressure gravity fed plumbing systems commonly found in older properties.

Some manufacturers tend to design taps suitable for modern plumbing systems which can often cause disappointing flow rate when using the taps in UK homes. Tavistock's in-house design team have recognised this problem and engineered our taps for use with both high and low pressure systems. Most of our taps operate at 0.1bar or above.

If you are unsure, we recommend you seek advice from your plumber who will advise you on the plumbing system you have and the likely water pressures it can achieve. If pressures are too low even for our low pressure taps, you will be able to increase your water pressure using a suitable water pump, your retailer or plumber can advise you on this. Please note that all of our taps are also suitable for high pressure plumbing systems.

PEACE OF MIND

All our products are guranteed against defective workmanship or materials.

Our taps are manufactured in a closely controlled environment with extensive quality control tests carried out. It is this attention to detail that allows us to offer offer a 10 year guarantee (including cartridge) with all of our taps.

WASTES & TRAPS

Our tap ranges are perfectly complemented by our stylish bottle traps and collection of wastes.

Most of our taps are suppplied with a click waste. Varsity basin mixer has a pop-up waste which includes a waste outlet, pop-up rod and lifting mechanism. For taps supplied without a waste, we have a few waste options as shown below. Unslotted wastes are for use where there is no integral overflow in the washbasin. If your basin is wall hung choose our modern black or chrome traps, or the more traditional styled version to complement your taps perfectly.

All bath taps are supplied without wastes as it is usual to purchase your waste with your bath. We have a choice of bath wastes with overflow in 2 different lengths depending upon your installation requirements.

SHOWER COLLECTION

TAVISTOCK SHOWER SYSTEMS

Our shower collection simplifies the buying process for you by offering complete shower systems for a ready-to-install solution. They cover a wide range of styles from classic to contemporary and round to square design. We have a choice of valve options, depending on your bathroom styling and the number of showering functions you need.

Choose from our collection of concealed, exposed or bar shower valves. We have a variety of single function (operating a single shower component only, such as a shower handset) or dual function valves (operating two shower components, such as a shower handset and an overhead shower head).

CONCEALED VALVES

If you prefer a sleek, clean look then opt for a concealed shower valve, with the valve hidden in the wall and a cover plate. This has the added benefit of flexible plumbing enabling you to position the valve away from the shower flow, so you can turn the shower on without getting wet until you want to. Classic and contemporary styles are available.

PUSH BUTTON VALVE

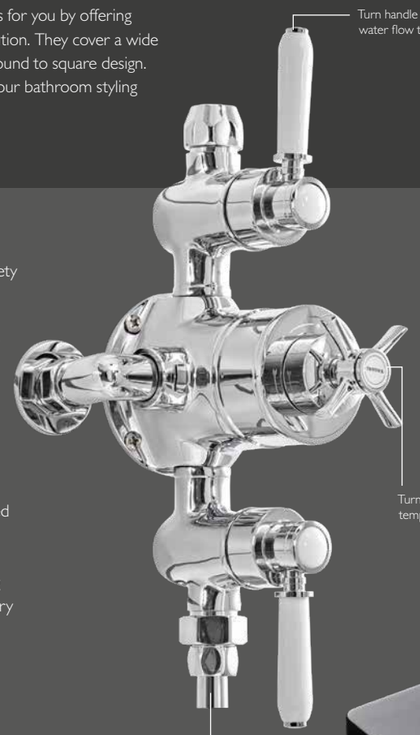
Our ergonomic valve design provides instant on/off activation for a seamless showering experience. This innovative design allows you to easily control water flow and three luxurious spray settings, all at the touch of a button with a central temperature dial for convenience. All of our push button shower valves are easy to install and can be completely removed to be serviced, without damage to the wall or the need to re-tile.

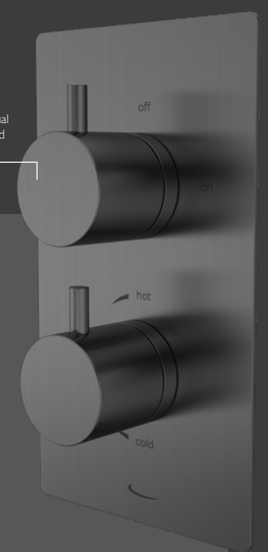
EXPOSED VALVES

An exposed shower valve offers a simple installation solution as the valve showcases all working parts. Perfect for a traditional period style bathroom, making it just the right finishing touch.

BAR VALVES

Our contemporary bar valves are easy to install, with all of the components mounted on the wall. Some of our bar valve shower system options are also available with a useful integrated shelf, a handy spot for your shower gel and shampoo. Look out for the 'Cool Touch' options, designed to stay cool to the touch during use.





SAFE SHOWERING

Our shower systems feature anti-scald thermostatic control, which ensures that your preferred water temperature is maintained without risk of unexpected temperature changes due to water usage elsewhere in the household.

Tavistock shower systems also benefit from automatic shutdown should the cold water pressure suddenly fail, guaranteeing you a safe showering experience.

THERMOSTATIC TECHNOLOGY

All of our shower valves are built to the highest technical specification,
Our shower valves have been designed to ensure smooth, precise temperature control of the water flow from your shower system.

PEACE OF MIND

All our products are guaranteed against defective workmanship or materials. Such is our confidence in the quality of our shower systems that we offer a 10 year guarantee, which includes the thermostatic cartridge. How's that for assurance?

10 YEAR GUARANTEE

CONTEMPORARY SHOWER SYSTEMS

Exemplary design, clean lines and utilitarian elegance form the basis of our contemporary shower collections. Each element is engineered with the highest quality components for uncompromising performance and durability. With many styles and showering configurations available, our comprehensive range gives you maximum choice and flexibility.

10 Year Guarantee

AXIOM PUSH BUTTON SHOWERS

Our most intuitive system yet, Axiom combines a sleek, concealed design with ergonomic push-button control that provides instant on-off activation. A central dial provides precise temperature control, while the thermostatic valve prevents scalding to ensure a safe shower for the whole family. Available in black & chrome.

All Axiom shower systems benefit from the following features:

- Available in single, dual and triple function options to best suit your requirements
- Push-button control for convenient on/off activation
- Axiom valve can be mounted vertically or horizontally and can be easily removed and serviced even after tiling, allowing for ease of installation and maintenance
- 10 year guarantee, includes thermostatic cartridge

The Axiom handset has 3 different functions (massage, rain & rain massage) and can easily be changed by pressing the bottom of the shower head

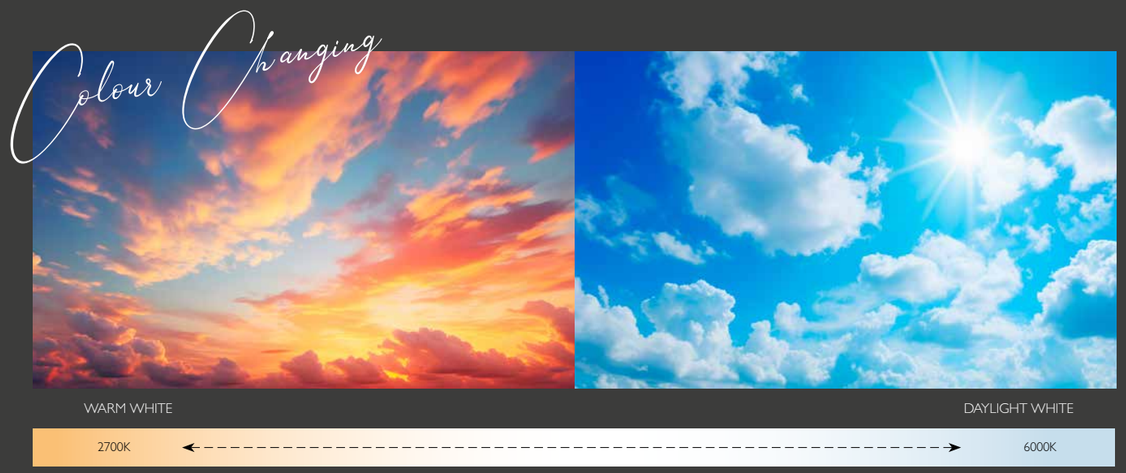
MIRROR & CABINET COLLECTION

CHOOSING THE RIGHT MIRROR

Choosing an illuminated mirror will help enlarge even the smallest of spaces, reflecting light around the room and brightening your day. A host of useful features such as **Bluetooth**® wireless technology, heated demister pads and integrated recharging sockets will make you wonder how you ever managed without one.



LIGHT TEMPERATURE CHANGING TECHNOLOGY

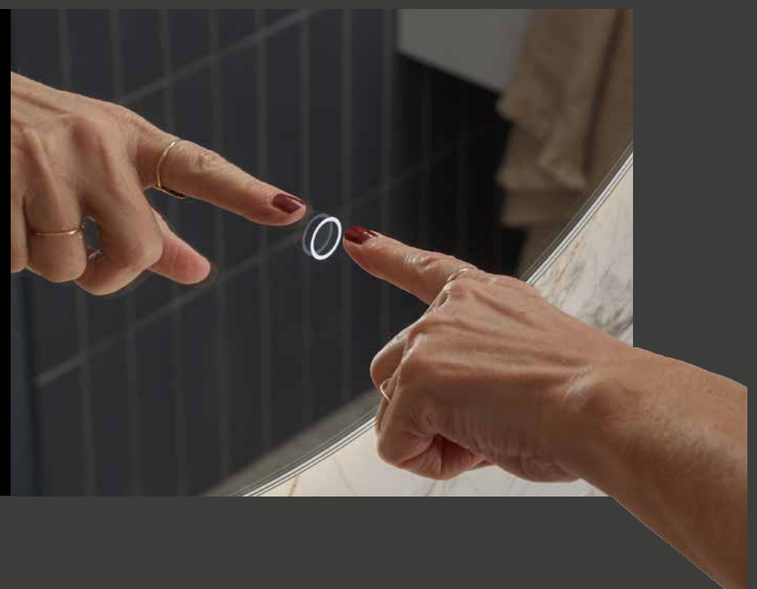
This lets you create the perfect bathroom environment by enabling you to adjust the warmth of your mirror illumination to suit both the task in hand and time of day. Kick-start your day with bright, invigorating daylight. Then choose a natural light to apply make-up and a warm light for sleepy late evening tasks.

Light temperature ranges from 2700K (Warm White) to 6000K (Daylight White). You can also adjust the intensity of the light to be as bright or as dim as you wish.

MIRROR CONTROLS

Many of our mirrors have an infrared on/off switch which lets you activate the lighting without even touching your mirror. Simply move your hand in front of the sensor to activate. Or opt for our touch control mirrors which you lightly press to turn on/off.

Important: When mounting mirrors with infrared switches, the sensor must be at least 150mm from an adjacent wall or obstruction to ensure the switch can function properly.



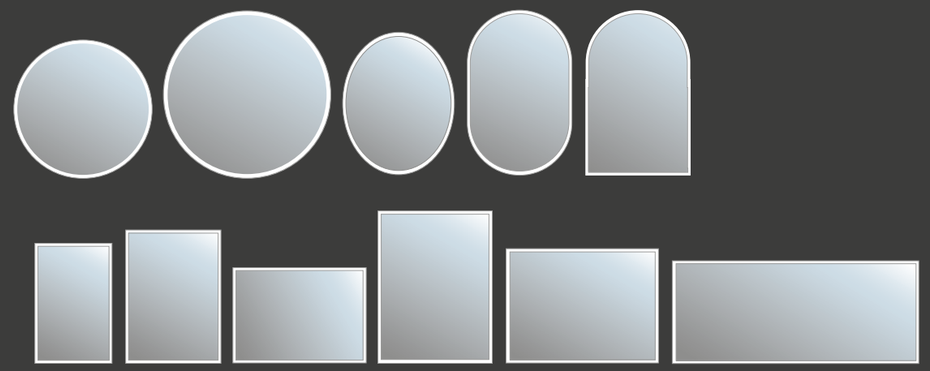
STEAM FREE

Many of our mirrors feature a heated demister pad to keep your mirror steam-free. You'll really appreciate never having to wipe it down again!

The heated demister pad heats the mirror to a few degrees above room temperature within 2-3 minutes, preventing the mirror from misting in even the steamiest of bathrooms.

SOMETHING TO SUIT ALL BATHROOMS

We have a wide selection of mirrors in different shapes, sizes and finishes. Our slim depth mirrors, which protrude 30mm or less from the wall, are perfect for creating a sleek, modern look while maximizing space in smaller bathrooms. Their minimalist design helps to make your bathroom feel more open and less cluttered.



BATHROOM SAFETY & PEACE OF MIND

Tavistock mirrors have been tested for compliance with electrical equipment safety regulations. Our illuminated mirrors are IP44 rated and suitable for use within the bathroom. All of our mirrors also benefit from a 10 year guarantee against manufacturing defects as well as a 2 year guarantee against electrical component manufacturing defects, hows that for assurance?

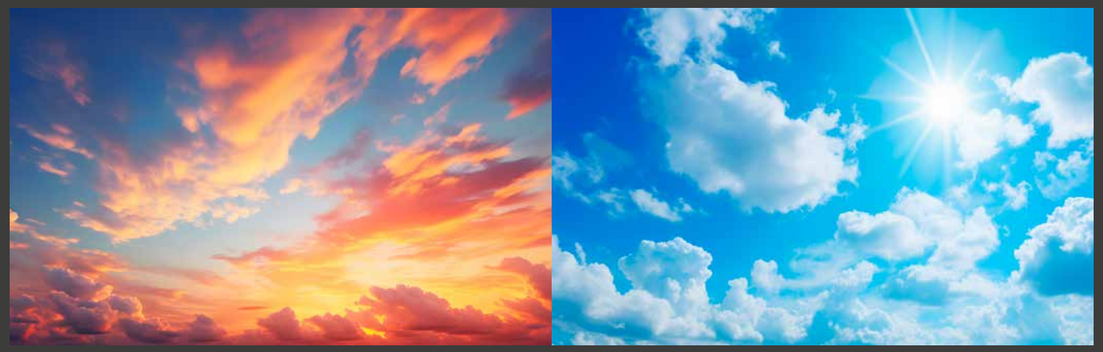
CHOOSING THE RIGHT CABINET

If you're looking for additional storage, a mirrored cabinet can help to create a calm, clutter-free space. Tavistock has an extensive collection of cabinets with a host of useful features to choose from. Heated demister doors keep things steam-free and light temperature technology puts you in control of the illumination of your bathroom.



WARM WHITE — DAYLIGHT WHITE

2700K ← → 6000K

LIGHT TEMPERATURE CHANGING TECHNOLOGY

This lets you create the perfect bathroom environment by enabling you to adjust the warmth of your cabinet illumination to suit both the task in hand and time of day. Kick-start your day with bright, invigorating daylight. Then choose a natural light to apply make-up and a warm light for sleepy late evening tasks.

Light temperature ranges from 2700K (Warm White) to 6000K (Daylight White). You can also adjust the intensity of the light to be as bright or as dim as you wish.

COMPLETE HARMONY

Our versatile cabinet offering also includes colour matching so they can be paired perfectly with your Tavistock furniture, available in a range of finishes and sizes. Perfect for the way we live today many come loaded with features, such as re charging and USB sockets to help keep your electric shaver, toothbrush and devices fully charged.

Cadence p28

INTUITIVE TECHNOLOGY

Many of our cabinets feature intuitive touch switch technology which enables you to adjust both the warmth and brightness of the LED lighting for your cabinet to suit your mood, or lightly press to turn on/off.

Steam Free

Many of our cabinets feature heated demister doors to keep your cabinet steam-free. You'll really appreciate never having to wipe it down again! The heated demister pad heats the mirrored doors to a few degrees above room temperature within 2-3 minutes, preventing them from misting in even the steamiest of bathrooms.

SOMETHING TO SUIT ALL BATHROOMS

At Tavistock we are mindful that bathrooms come in all shapes and sizes, that's why we have a wide selection of cabinets in different sizes and finishes, to suit any bathroom, no matter how big or small.

BATHROOM SAFETY & PEACE OF MIND

Tavistock cabinets have been tested for compliance with electrical equipment safety regulations. Our illuminated cabinets are IP44 rated and suitable for use within the bathroom. All of our cabinets also benefit from a 10 year guarantee against manufacturing defects as well as a 2 year guarantee against electrical component manufacturing defects, hows that for assurance?

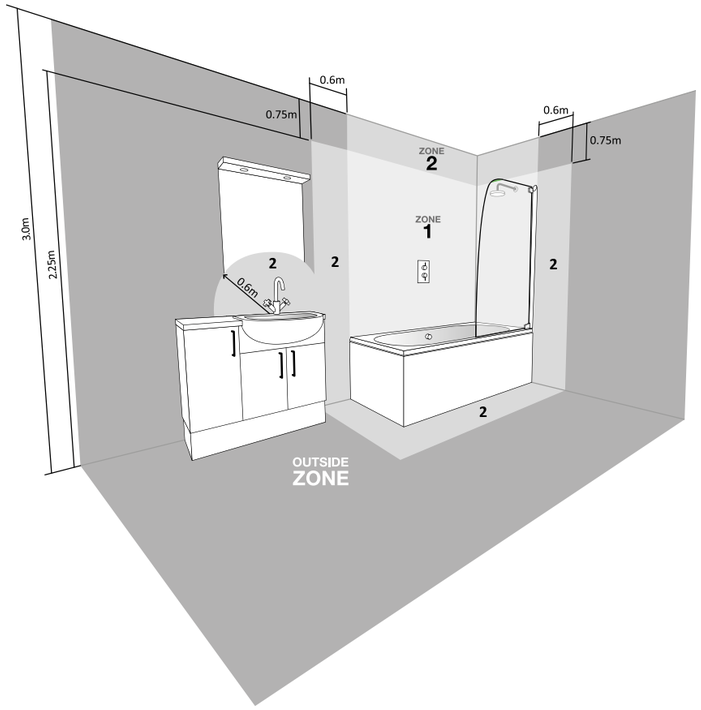
SAFETY IN THE BATHROOM

Mirrors Technical Information
Tavistock illuminated mirrors have been designed and tested for compliance to electrical equipment (safety) regulations.

All electrical connections should be made according to the latest national wiring regulations. Illuminated mirrors are suitable for installation in the bathroom within outside zones unless stated. Mirrors which are IP44 water resistance rated are suitable for use in zones 2 and outside zones in the bathroom. Illuminated mirrors are not suitable for installation in saunas, steam rooms, shower cubicles or above a bath tub. Products are only suitable for permanent installation. Installation by a suitably qualified electrician is required.

Cabinets - Electrics
Our illuminated cabinets have been designed and independently tested for compliance to electrical equipment (safety) regulations. They are only suitable for use outside zones 1 & 2 according to the latest IEE regulations. All cabinets are class 1 insulated and require an earth connection.

Infrared Sensor
All mirrors or cabinets featuring infrared technology must ensure that the sensor is mounted a minimum of 150mm from an adjacent wall or obstruction to ensure correct function.



ZONE 1

Electrical fittings in this zone require separated extra low voltage and a minimum rating of IP44 (splash proof).

ZONE 2

Electrical fittings in this zone require a minimum rating of IP44 (splash-proof).

GUARANTEES

Giving you complete peace of mind

At Tavistock we are extremely proud of our products and our confidence in their quality is such that we offer extended guarantees on many of them, including a 10 year guarantee on all furniture and taps plus a 20 year guarantee on all basins and WCs.

All products are guaranteed against defective workmanship or materials. Length of guarantee depends on the product type - please refer to relevant section of the brochure.

Damaged parts will be replaced with a spare part where possible, complete exchanges will only be made where it is not practical to do so. All dimensions are approximate and are quoted within reasonable tolerances.

QUALITY & SERVICE

Exceptional service is as integral to our business as outstanding product, design and manufacturing. We invest heavily in product improvement and reserve the right to amend specifications at any time if an opportunity to further improve the product occurs to ensure complete customer satisfaction.

The furniture colours shown in this brochure are representative only and can be affected by a multitude of factors such as lighting and surrounding items. If you are unsure we would recommend obtaining a swatch from our website or your local retailer and testing in the intended bathroom area.

Tavistock furniture is designed for use within domestic installations which are adequately ventilated and is not suitable for installation in wet rooms. As with any timber product, bathroom furniture will be adversely affected if it is subjected to excessive moisture. It is strongly recommended that adequate bathroom extractor fans are installed to prevent heavy condensation and all splashes and spillages must be mopped dry as soon as possible. All exposed or cut surfaces must be sealed with a suitable varnish or silicone sealant to prevent blowing. If this is not done, all warranty claims will be void. In particular, silicone sealant must be used around basin and worktop joints and around all edges of bath panels and plinths. All electrical products should be installed by an approved electrician inline with current wiring regulations.

Products with a brass finish may not match exactly due to variations in the brass alloy composition, differences in finishing techniques, natural aging processes causing patina and the lighting they are compared in. Imagery shown in this brochure are representative only.
